The Hon. John Beck, of Bullion Beck fame, was feeling highly elated over the returns from a shipment of 18 tons of ore from the Jennie, mine which is located in Connor Creek, in Cassia county, Idaho; and he had good reasons to feel good over the consignment, as it sold on the open market on assay showing values of 55 per cent lead, 11 ounces silver and \$30 in gold to the ton. —Herald.

Utah people are fast pushing to the front in music and the arts. A few evenings ago Viola Pratt, one of Salt Lake's sweet singers, was chosen as a soloist for a private concert given by President McKinley. She received many flattering compliments and took luncheon next day at the White House. —Enquirer.

John Woodhouse reports having a splendid implement trade this season. Lehi is the best town of any in the state for this trade. Last year we led the county in every line except mowers and a few more of these were sold in Provo than here.

While fording Little Cottowood creek near Murry the buggy was overturned and Mr. and Mrs. Wm. Taylor of Mill Creek thrown out. Mrs. Taylor was washed down the current and drowned.

Beautiful eyes grow dull and dim
 As the swift years steal away.
 Beautiful, willowy forms so slim
 Lose fairness with every day.
 But she still is queen and bath charms to spare
 Who wears youth's coronal — beautiful hair.

Preserve Your Hair

and you preserve your youth.
 "A woman is as old as she looks," says the world. No woman looks as old as she is if her hair has preserved its normal beauty. You can keep hair from falling out, restoring its normal color, or restore the normal color to gray or faded hair, by the use of

Ayer's Hair Vigor.

Mr. and Mrs. George Austin and a company of friends were over to Beck's on Sunday.

The children with the streamlets sing, the birdlets are all on wing; the lambllets dance the Highland fling, the wasp-let sharpens up its string; the zephyrs sweet perfumelets bring, the May Day dancers form a ring; the gooselets paddle in the spring, young squirrels to the boughlets cling; the blossoms in the breeze let's awing, Old Winter now can't do a thing, for may dethrones the polar king—but I am out of rhymes, by jing!

The newest experiment in restricting the drinking habit is being made at Pomona, Cal., where the local law decrees that there shall be but two saloons. The license fee shall be one thousand dollars per year, half the front of each building shall be of clear glass without shades, neither saloon can have a back room, annex or side door, nor can there be tables, chairs or other objects at or upon which to sit. The weak point of the law is that the walls and bar remain for the drinkers to lean upon, but even law has its limitations.
